Your product was submitted to the Product Review Committee of the Idaho Transportation Department (ITD) for our consideration. In reviewing your product application and associated documentation, we have determined that your product, as submitted, has met the minimum requirements for placement on our Department's Qualified Products List (QPL).

The product has been approved for placement in the category/subcategory listed above. It will remain on our QPL list as long as it continues to meet the Department's product specifications and performs satisfactorily under field conditions. As a requirement for continued placement on our QPL you must also submit updates to us whenever any changes are made in regard to the product, company name and address or contact information.
